**Detailed Information:**

**Yes! Include CwShield™**

**Things to remember . . .**

- All details are from the outside of enclosure looking in.
- It is important that all measurements are based on Finished Opening Size (F.O.S.).
- Draw in any additional Panel details with measurements.
- Check all walls for out-of-square, floor and ceiling for out-of-level conditions.
- All additional Panels need degrees notated, for example: 180°, 90°, 135° or any off-angles.
- Return Panels need center line or outside line measurement noted.
